The point is this: whoever sows sparingly will also reap sparingly, and whoever sows bountifully will also reap bountifully.

CPC is Cookin'

Martha Enriquez served this delicious punch at Bethinee's baby shower. It would be very refreshing to serve on a hot summer's day.

Martha's Punch

Use a 5 quart soup pot. Start with a simple syrup (1 ½ cups water and 1 ½ cups sugar). Heat until sugar is all dissolved. Add 1 log frozen unsweetened lemonade, 1 can unsweetened pineapple juice, and 1 can crushed pineapple in its own juice. Stir well and freeze in smaller containers for at least a day. An hour before serving, remove from freezer and carefully chop into large chunks. Add a 2 liter of 7Up or Sprite. Stir and break up chunks.

Enjoy!

Exercise with Bonnie

Our Thursday morning exercise classes will stop meeting for the summer months effective immediately. We can start back up again the Fall. Keep up with your exercises all summer.

BAG People

Liesel is a young girl living outside of Munich in 1939. With her foster father's help she learns to read the books she has stolen and shares them with her neighbors during bombing raids and with the Jewish man hidden in their basement. Join us as we discuss The Book Thief by Markus Zusak on Monday, June 18th at 11:00 am. at the church.

Protect Your Eyes

Sunglasses are a great fashion accessory, but their most important job is to protect your eyes from the sun's ultraviolet (UV) rays. Some of the sun's effects on the eyes include:

- Cataracts, a clouding of the eye's lens that can blur vision. An estimated 20% of cases are caused by extended UV exposure.
- Macular degeneration, resulting from damage to the retina that destroys central vision. Macular degeneration is the leading cause of blindness in the United States.
- Pterygium, a tissue growth over the white part of the surface of the eye that can alter the curve of the eyeball, causing astigmatism.

When purchasing sunglasses, look for ones that block out 99 to 100% of both UVA and UVB radiation, so you can keep your vision sharp and eyes healthy. A wide-brimmed hat offers great protection, too!
